

BLUE STAR

Undercounter Chillers and Freezers

High performance comes with heavy duty build.

The Blue Star Undercounter range of chillers and freezers are ideal for storage of premixes and prep material. They come with auto door close mechanisms and use food grade stainless steel that keeps food fresh, no matter what.

Blue Star's Undercounter chillers and freezers provide precise temperatures and are built aesthetically for heavy-duty use. Their reliable doors, hinges and handles guarantee higher performance for a longer time, thus making them ideal for busy hotels and restaurants.

Features

Self closing doors

Odourless operation due to continuous air circulation

Adjustable tray slides

Auto defrost

Digital temperature indicator

Food grade stainless steel unit

Technical Specifications - Undercounter Chillers

Description	Units	UC2100A	UC3100A
Gross Capacity	Ltr.	313	465
Temperature Range		-2°C To +8°C	
No. of Doors	Nos.	2	3
Grids	Nos.	1	
Refrigerant	Type / Charge (grams)	R134A / 230	
Power Supply	V/Hz	220-240V / 50 Hz	
Max. Input Power	W	350	
Rated Current	A	1.95	
Defrost		Automatic	
Thermostat Control		Digital	
Overall Dimensions (W X D X H)	mm	1360 X 700 X 860	1795 X 700 X 860
Net Weight	kg	98	134

Technical Specifications - Undercounter Freezers

Description	Units	UF2100A	UF3100A
Gross Capacity	Ltr.	313	465
Temperature Range		-18°C To -22°C	
No. of Doors	Nos.	2	3
Grids	Nos.	1	
Refrigerant	Type / Charge (grams)	R404A / 300	
Power Supply	V/Hz	220-240V / 50 Hz	
Max. Input Power	W	750	
Rated Current	A	3.5	
Defrost		Automatic	
Thermostat Control		Digital	
Overall Dimensions (W X D X H)	mm	1360 X 700 X 860	1795 X 700 X 860
